

## **General Scooter Rental Terms**

### **IANTD and PADI DPV Courses**

1. Scooter can be leased to a student registered and attending a sanctioned IANTD or PADI Diver Propulsion Vehicle (or equivalent) course conducted by Tech Asia and a certified course instructor employed by Tech Asia.
2. Scooter rental rate is calculated per the day rate table listed below per student registered on the course.
3. Scooter assembly may only be done under supervision of Tech Asia instructors.
4. The scooter may only be used in the course dives in the accompaniment of the course instructor.
5. On the course, the student is liable for like for like battery replacement in case of flooding of the battery compartment. The student is not liable for engine compartment flooding or total loss.
6. Tech Asia warrants that the scooter course and course scooter dives are structured in a manner not to place unnecessary damage risk on the rental scooter.
7. Tech Asia warrants that while on the course the scooter will only be deployed in an environment where recovery is possible. Tech Asia will ensure a lift bag capable of floating the scooter to the surface is with the rental scooter on all course dives.
8. Tech Asia will be responsible for general maintenance and standard servicing of the scooter (i.e. o-rings).
9. Transport of the rental scooter to/from dive boat/water and Tech Asia dive shop is to be done by Tech Asia employees and not the student.

## **General Rental Terms (Non Training)**

1. Scooter rental rate is calculated per the day rate table listed below.
2. Tech Asia warrants that it will only lease the rental scooter to DPV qualified, competent divers.
3. The rental scooter may only be used in Tech Asia guided dives in the accompaniment of a Tech Asia Dive Guide. The rental scooter may only be deployed on dive trips originating and terminating in Puerto Galera.
4. If the Tech Asia Dive Guide observes mistreatment or dangerous use of the rental scooter by a lessee on an actual dive. Tech Asia will prohibit the lessee from using the scooter on subsequent dives.
5. Tech Asia will take a credit card authorisation for the full replacement value from all third party renters for non-course day rentals.
6. Tech Asia will ensure that the rental scooter is fully charged and properly assembled prior to the start of each day of use. Tech Asia will conduct a pre-dive inspection of the rental scooter with the lessee prior to the lessee taking the scooter on out on a dive. After the pre-dive inspection the lessee will sign a waiver, acknowledging receipt of the rental scooter in good and working condition.
7. Following each dive day, Tech Asia will check and verify that the scooter has not been structurally damaged and not flooded.
8. The lessee is not responsible for normal wear and tear under conditions of normal use.
9. Tech Asia will be responsible for general maintenance and standard servicing of the scooter (i.e. o-rings).
10. Should the lessee damage the scooter structurally on the dive, the lessee will be responsible for all repairs and replacement parts. Any repairs are to be conducted under the auspices of Tech Asia.
11. Loss/theft/destruction of the scooter by the lessee incurs the full replacement cost of a new scooter to be taken from the credit card authorisation and paid in full by the lessee.
12. Tech Asia warrants that while on a dive the scooter will only be deployed in normoxic dive profiles. Tech Asia will ensure a lift bag capable of floating the scooter to the surface is with the rental scooter on all dives.
